RUN ON A SMALL BANK

CLEVELAND, O., March 31 .- The Federal Trust Company to-day made an assignment to the Guardian Trust Company. The action is stated to have been taken as a result of the disappearance of a prominent official of the Federal Trust Company. Reports are in circulation that a shortage has been found in the funds of the concern.

While no statement has been filed as yet by the Federal Company, it is understood it will turn over about \$1,000,000 in deposits to the assignee. Its total assets will be about \$3,000,000. The Federal Trust Company has a capital stock of \$1,500,000. It has a surplus fund of \$50,000 and about \$140,000 undivided profits. It had \$2,188,362 in loans and discounts, \$45,300 real-estate loans and owned \$729,000 worth of stocks, bonds and mortgages. Its last statement showed individual deposits of \$1,593,328, but officials state the deposits were about \$1,000,000 at the close of business last night. The deed of assignment to the Guardian Trust was signed by C. J. Gilchrist, president, and G. C. Bailey, assistant secretary of the Federal Trust Company.

Officials of both of the trust companies Makes Average of Only 16:70 Seventeen Policemen and County Grand Jury Crusade at Philadeldeclare positively that no depositor will lose a penny as a result of the assignment. It is also stated that the shortage in the accounts of the Federal Trust Company will not exceed \$20,000. In view of sensational rumors, however, and the possibil- SHE MAY BE ACCEPTED OUTCOME OF PRIMARIES FOUR PERSONS INDICTED ity of a run, it was deemed wise to make an immediate assignment. The Guardian Company had already examined the securitles of the Federal Company and finding the securities and assets of the bank in good shape they were willing to pay the depositors in the latter bank in full at once and this plan was carried out." As a result of sensational reports circulated in connection with the assignment of the Federal Trust Company a run was started to-day on the Pearl-street Savings and Loan Company's bank. The bank is largely patronized by foreigners, and for crowded its offices in quest of their money. Big downtown banks promptly rushed large sums of money to the Pearl-street bank, mostly in silver coin, which was piled up high on the counters in full view of the people crowding the place. The effect of this was almost instantaneous, and the crowd of depositors quickly left and the run was over. The bank is declared to be per-

BRITISH BUDGET DEFICIT TO BE ABOUT \$35,000,000

LONDON, April 1.-Commenting upon the decrease in the revenue for the year as shown by the returns issued yesterday, this morning's papers estimate that the budget deficit will approximate \$35,000,000. The repayment of \$15,000,000 advanced to the Transvaal will leave \$20,000,000 to be met by some form of increased taxation. Looking to the unchecked growth of the country's expenditure Austin Chamberlain, the chancellor of the exchequer, is urged by the morning editorials to endeavor to find some means for a permanent increase of temporary expedients, such as the sus-pension of the sinking fund or increase in the income tax.

The deadlock, which, if persisted in, will result in the closing of every mine in the greenhouse, at Illinois and Sixteenth State, making 13,500 miners idle, resulted from the refusal of the operators to raise the wages of unskilled labor and to lower the price of powder. Briefly summarized, the situation up to to-night has been this: First-The miners demand a reduction in the price of blasting powder from \$2 to \$1.75 per can. They demand a uniform advance in the scale of wages paid top men and that drivers in districts Nos. 1 and 4 shall receive the same scale as in districts Nos.

Second-The operators claim they are standing by the Indianapolis agreement and in so doing cannot submit to general increases in the wages paid unskilled labor throughout the district. DANGER OF A STRIKE AVERTED IN ILLINOIS

SPRINGFIELD, Ill., March 31.-When matters looked darkest for a settlement of Thirty-Five Transfers Made a Matter the differences between the coal operators and miners of Illinois and a strike seemed imminent, the miners gave way and ac-

ceded to the ultimatum of the operators. When the joint session convened this afternoon the miners stated that they had counter proposals to make to the operators, namely, that the miners would waive all concessions made them regarding free oil to day men and free powder, if the operators would rescind their demand for a reduction of 3 cents from last year's scale in the First district. This the operators refused, and after considerable discussion, in which National President John Mitchell defended the miners' position, adjournment was taken until evening. On reconvening to-night the miners said

they were willing to withdraw their demand for last year's scale in the Northern meet again to-morrow to reconsider minor matters. Thus all danger of a strike has been averted by reason of the conservative action of the miners' organization.

SAYS COLONIZATION IS NOT A SOLUTION

Bishop Hartnell Says Transportation Would Not Settle the Negro Problem.

APPLETON, Wis., March 31 .- The Rev. Dr. H. F. Hartnell, bishop of all the African missions of the Methodist Episcopal Church, says transportation of negroes to Liberia would be futile as a solution of the race problem, because six to eight hundred negroes are born in the United States daily. and it would take great shiploads daily to transport them. The question can be set-tled, he adds, only by keeping them in this country and by treating the negro fairly and giving him all his rights. He will demand attention for the negro problem along this line at the Methodist Episc oference in May at Los Angeles, Cal. bishop left for Chicago to-night.
